Clouds obscured Astoria's sky last night and the heavenly fireworks were not observed by our citizens. The display continued for a night or two longer and it is barely possible that some rift will enable us to see the meteors flash and dart above us.

The regular monthly meeting of the women's auxiliary will be held at the rectory of Grace church this afternoon at 3 o'clock for the purpose of missionary reading. The subject will be "Our Work in Alaska." All are earnestly invited to be present.

The A. F. C. football team is in receipt of numerous challenges from outside teams all of whom wish to play in Astoria. The latest is the Oregon College of Dentistry eleven and a game will probably be arranged with the tooth pullers for Saturday, the 25th inst.

The local football boys are certainly not lacking in spirit. Not having time to spare from their work during the day they have found it difficult to practice on the field which is a ten minutes walk from town. So last night the boys donned their uniforms and started out about nine o'clock to practice by torch light.

Wild rumors were afloat yesterday afternoon to the effect that one of

Cook's drivers broke his neck in a run-away of his team. The truth proved to be that the driver was somewhat dazed and considerably shaken up by the capsize of his lumber wagon caused by the fractious disposition of his team but was later able to attend to business.

All Astorians who visit Portland and desire spending a pleasant evening in company with polite people and in the enjoyment of an unexcelled musical program, should go to the Fredericksburg. Besides vocal and instrumental selections there are many other attractions to delight the visitors. The new management is making the Fredericksburg a well-merited success. BROWN & GRANT, Props.

The Lewis and Clarke road will have to remain in its present condition until another contract is awarded for transporting the planks and laying them. W. W. Sate, who last week was awarded the contract for doing the work, discovered a flaw in the instrument so that he was obliged to withdraw in order to protect his interests. The committee that has the matter in hand will try it again and expects this time to have everything arranged satisfactory to all parties.

Master Josie Leahy, son of Mr. John Leahy, of this city, and the family cow are pretty good friends all right, and it was probably a friendly mix up that had but it was a mix up nevertheless with the result that Josie's nose was broken by coming in contact with one of hisse's horns. At the time the injury was received his seriousness was not fully realized but later investigation by a physician showed that the boy's nose was broken. The physician states however, that the member will grow straight as formerly.

The Knappa Temperance legion is a growing institution organized under the leadership of Mrs. A. J. Itadcliffe, with an enrolled membership of 25 children.

A program was rendered at the Methodist church last week by the legion to a large attentive and appreciative audience. The children acquitted themselves admirably, to the credit of themselves and their faithful instructor.

The program was extensive—too lengthy to be published, and consisted of class work, recitations, readings and songs. A novelty was the "legion yell" by 18 lusty lunged members.

THE NEW RIVER STEAMER.

The Announcement That It Will Be Put on the Route May be but a Bluff.

The building of a new boat by the O. R. & N. Co. "for the Astoria-Portland route" is probably incidentally intended as a notice that that company will stay in the rate contest until it gets the bone which causes all the contention.

According to the published plans the new steamer is to be very fast and very powerful and when necessary can be used as a tug boat. Probably the real intention is to use her for towing and the announcement that she is destined for the transportation route is made for "moral effect."

The threatened extension of the war to the Portland-San Francisco route has not developed owing perhaps to the difficulty in securing suitable steamers. There are indications, however, that there will be a branch war inaugurated on the Willamette river and valley merchants are worrying, for a law passenger fare to Portland will spell their Christmas trade, which is always depended upon to compensate in a measure for the succeeding two months of dull business.

Mr. Willis Mudd and family visited relatives in Astoria during the session of the Institute. Mr. Mudd is clerk in Dist. No. 2, New Astoria.

Mr. Baumgartner justly complains of careless hunters. He found four of his sheep shot while out on pasture, and several of his heifers are missing.

Mr. and Mrs. Albert Allen celebrated their wedding anniversary Monday evening, congratulations were received and best wishes expressed for many coming years.

Mrs. J. W. Munson, accompanied by her daughter, spent the week in Portland returning Sunday. They attended the joint social given by the Native Sons and Native Daughters on the 9th inst.

The remains of the late Dr. A. L. Fulton, were laid to rest in Ocean View cemetery on Monday. Although it was an exceedingly stormy day, the presence of many friends showed the

high esteem in which the deceased was held on this side.

The W. C. T. U. gave a very pleasing entertainment in Warrenton last Saturday evening. Miss Emma Warren of Astoria delivered a very interesting address, and Mr. Terry McKean occasioned much laughter with his character sketch. Mr. A. M. Eason gave a reading, and music was interspersed in the program. Ice cream was discussed at 15 cents a dish, but the supply was so bountiful that before the evening was over two dishes could be had for the asking.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a cative condition is easily cured by using Syrup of Figs. Manufactured by

the California Fig Syrup Co. only, and sold by all druggists.

RUSSIA'S POWER.

The recent peace conference brings the power of the Czar of Russia forcibly to mind. His subjects look to him for food, shelter, raiment, even life itself. In no country is a monarch's power more absolute. But far-reaching as its influence is it cannot be compared to that which the human stomach has over the morals and health of the average mortal. Hostetter's Stomach Bitters cures constipation, dyspepsia, biliousness, nervousness and all diseases arising from an inactive liver or weak kidneys. Try it if you have stomach trouble of any sort, and see for yourself. It will bring you back to health and happiness. It will make you strong by making your stomach strong. A private Revenue Stamp should cover the neck of the bottle.
